Re: Inmark, Inc.  
Protel Advantage, Inc.  
LoTel, Inc.

Dear Mr. Ogren:

We have conducted an investigation and consulted my Client's regulatory counsel regarding the USF issue that you and I have been discussing this week.

On March 26, 2001 Christine Cotton sent a letter to my Clients stating that they had to sign a Universal Connectivity Charge Exemption Certification attached to her letter. Regulatory counsel has advised that this is an attempt to improperly shift the obligation to submit FCC Forms 499S and 499A to the USAC and to pay the associated obligations from QAI to my Clients. (See, e.g., Instructions for FCC Form 499A.) Accordingly, my Clients have been advised by regulatory counsel to decline the invitation to sign the Certifications.

After consulting with USAC and regulatory counsel, it is clear that the USAC Statement of Account sent to LoTel<sup>1</sup> in care of QAI dated March 21, 2001 is for obligations arising from the FCC Form 499S for the period January 1, 2000 to June 30, 2000. The report was prepared for LoTel by QAI. Since QAI passed through the anticipated cost of the USF obligation to the end-user customers and collected the proceeds from the customers for the year 2000, it is obligated to pay the USF obligations billed in 2001. Likewise, for any customers QAI continues to bill, it is obligated to report and pay the USF obligation.

---

<sup>1</sup>Inmark and Protel have not received similar letters from Ms. Cotton or invoices from USAC.

April 6, 2001

Page 2

QAI's responsibility to report and pay should be no surprise because QAI has previously acknowledged its responsibility in a letter dated August 21, 2000. In referring to its obligation to pay USF billings arising from the 499S filed in September 2000 QAI stated: "Since we [QAI] are collecting the USF revenue, we will continue to pay the USF bills." This admission together with other legal equitable principles makes it clear that QAI is responsible for the payment and reporting for the periods in which it billed and/or collected revenue from the customers.

As stated in my April 4 and 5, 2001 letters to you, on behalf of all of my Clients, we expect that QAI will do the following:

1. File FCC Form 499A for January 1, 2000 through the date QAI stopped collecting revenue from customers transferred to my Clients in mid-December 2000.
2. File FCC Form 499A (due on April 2, 2001) for any end-user customers billed under the Inmark, Protel and LoTel brands for customers that were not transferred to Northstar, continue to file future reports and make future payments for such customers.
3. Pay all USAC invoices that are attributable to the FCC Forms 499S filed in September 2000.
4. Pay all USAC invoices that are attributable to the filing of FCC Forms 499A that were due on April 2, 2001.
5. File all reports and pay all obligations for the TRS, LNP and NANP to the extent they are not covered by items 1-4 above for the periods in which QAI was and is billing the customers.

My Clients will file reports and pay the obligations from the time they began billing the customers.

I will be on vacation next week. If there are any issues that arise related to this letter when I am on vacation, you may contact Patrick Crocker, Regulatory Counsel for my Clients at the following address and telephone number:

Early Lennon Crocker & Bartosiewicz  
151 South Rose Street  
Suite 900  
Kalamazoo, MI 49007  
(616) 381-8844

As requested in my letters of April 4 and 5, 2001, please confirm that QAI will make the forgoing payments and regulatory filings.

TELECOMMUNICATIONS REPORTING WORKSHEET

FOR

COLEMAN ENTERPRISES, INC. d/b/a LOCAL LONG DISTANCE

The following is submitted in further explanation of the information contained in the 2001 FCC Form 499-A for Coleman Enterprises, Inc. d/b/a Local Long Distance ("Coleman").

Pursuant to contractual agreements and course of dealing between QAI, Inc. of 7700 Irvine Center Drive, Suite 605, Irvine, CA 92618 ("QAI") and applicable law and regulations, QAI was obligated to prepare Form 499 reporting worksheets for Coleman, to timely file such reports and to pay all resulting USF and other resulting charges. This obligation is reflected among other things in the attached correspondence of August 21, 2000 from QAI to Coleman, in which QAI reaffirmed its obligation to prepare and file reports of Form 499 information and to pay resulting USF and related charges.

Re: Universal Service Worksheets due September 1, 2000

Dear Mr. Coleman:

Enclosed are three copies of the Universal Service Worksheets. These worksheets will be used by the Universal Service Administration to calculate the Universal Service assessments for the period of January through June 2000. The forms are due on September 1. Please sign all three of the worksheets in block 120 on the form and mail one copy to the following address:

Form 499 Data Collection Agent  
Attn: Lori Terraciano  
80 South Jefferson Road  
Whippany, NJ 07981

Return one copy to me at our Irvine address:

Dear Mr. Ogren:

Please confirm that your Client has filed the FCC Forms 499A, has paid the USAC statements/invoices for the first quarter of 2001 and will continue to do so for the remainder of the year as outlined in my April 6 letter to you.

We are still awaiting the state-by-state revenue breakdown so my clients can meet other reporting obligations.

I look forward to receiving an immediate response to this letter.

Very truly yours,

LoTel, Inc.**

Dear Mr. Ogren:

When we spoke on May 23, we discussed the USF issue and the failure of QAI to respond to the letters I have written concerning the same. I pointed out that Christine Cotton on behalf of QAI wrote identical letters to all of my Clients stating in part:

If QAI does not receive the Certification by that date [April 9], it will have no choice but to list revenue derived from Inmark as end-user revenue on its FCC Form 499-A (due April 1, 2001) and begin assessing USF surcharges upon Inmark's domestic interstate and international telecommunications usage.

I notified you on April 6, 2001 that on advice of regulatory counsel my Clients declined to sign the certification referred to in Ms. Cotton's March 26, 2001 thereby triggering QAI's obligation to file Form 499A reporting the revenue from my Client's customer base as end-user revenue and to pay the USAC invoices with the funds QAI has already collected from the customers.

When we spoke on May 23, you told me that you did not believe QAI had filed the Form 499A and would check with QAI to confirm what it planned to do. You told me you expected to get back to me by May 25, but I have not heard back from you.

I had also requested on behalf of my Clients a state-by-state breakdown of revenue in my letter of April

June 5, 2001

18 and there has been no response to that request.

Please get back to me on these urgent matters.

Very truly yours,

Shawn M. Perry

Letter of Appeal  
USAC

Washington, DC 20037

Legal Reporting Name: Coleman Enterprises, Inc. d/b/a Local Long Distance  
Filer 499 ID: 808522

We are the attorneys for Coleman Enterprises, Inc. d/b/a Local Long Distance, a Minnesota corporation ("Coleman Enterprises"). On behalf of Coleman Enterprises, we hereby appeal the decision by Universal Service Administrative Company ("USAC") set forth in the attached letter of September 12, 2001 from USAC to Patrick D. Crocker of this firm.

It is our position that USAC does not have the jurisdiction, authority or discretion to "reject" or choose to ignore a properly filed form 499-A. A review of the USAC letter of September 12, 2001 confirms that this is exactly what USAC is doing; it is receiving, reviewing and ignoring a properly completed and duly filed form 499-A. USAC is authorized to collect information using the form 499-A. USAC is not authorized by any law, regulation or delegation of authority to choose to ignore the information contained in the form 499-A.

In addition, the narrative explanation supporting and explaining the information contained in the 499-A is attached hereto, is repeated in full as if set forth verbatim. This is explanatory information. The giving of such explanation does not empower USAC to agree or disagree with the explanation or empower USAC to disregard the information contained in the 499-A. Nevertheless, the explanatory materials are reaffirmed and repeated and should be accepted by USAC.

If USAC is relying on other information to support its imposition of charges, specifically if USAC is relying on information provided to it by QAI, Inc. or other companies, such reliance is improper, not authorized by law and cannot form the legitimate basis for imposition of any charges whatsoever upon Coleman Enterprises.

For the reasons set forth above, Coleman Enterprises hereby appeals the decision or determination set forth in the attached letter of September 12. Coleman Enterprises requests that it be credited all amounts improperly charged against it as more fully explained in the attached materials.

## Universal Service Administrative Company

Lori S. Terraciano  
Associate Manager – Universal Service Revenue Administration

---

September 12, 2001

Patrick D. Crocker  
900 Comerica Bldg.  
Kalamazoo, MI 49007

Mr. Crocker:

This letter is in response to the April 2001 FCC Form 499-A filings that were submitted for American Cyber Corp. (Filer 499 ID 819152), Inmark, Inc. (Filer 499 ID 814681), LoTel, Inc. (Filer 499 ID 819396), Protel Advantage, Inc. (Filer 499 ID 809181), and Coleman Enterprises, Inc. These filings reported zero revenue for all of these companies for the period of January - December 2000.

Attached to each 499-A filing for the above mentioned companies was an addendum that stated QAI, Inc. was required to file the 499-A filings for these companies and pay all universal service charges related to these filings. This is not true according to FCC Rules. Please see pages 4-7 of the Instructions to the Telecommunications Reporting Worksheet (attached). Each legal entity is required to file their own 499-A filing reporting their own revenue. QAI may have provided a service to these companies in the past, but they are not obligated to file 499 filings for any of their resellers.

In the addendum, it is pointed out the QAI has agreed to file 499 filings on behalf of these companies, as proven in their August 21, 2000 letter. This letter states that QAI will be filing the September 1, 2000 FCC Form 499-S on their behalf. There is no mention of any future filings, other than the September 1, 200 499-S. Therefore, all of the above mentioned companies are required to submit the April 1, 2001 FCC Form 499-A on their own behalf.

Not all companies are required to contribute directly to the Universal Service Fund. The following excerpts from the FCC's Form 499 Instructions on pages 5-7, will help to explain what companies are exempt from contributing to the Universal Service Fund:

*Universal service exception for de minimis telecommunications providers*

*Section 54.708 of the Commission's rules states that telecommunications carriers and telecommunications providers are not required to contribute to the universal service support mechanisms for a given year if their contribution for that year is less than \$10,000.<sup>1</sup>*

---

<sup>1</sup> 47 C.F.R. § 54.708.

*Providers should complete the table contained in Figure 1 to determine whether they meet the de minimis standard. To complete Figure 1, potential filers must first complete block 4 of the Telecommunications Reporting Worksheet and enter the amounts from Line 420(d) and 420(e) in Figure 1. Telecommunications providers whose estimated contributions to universal service support mechanisms would be less than \$10,000 are considered de minimis for universal service contribution purposes and will not be required to contribute directly to universal service support mechanisms.*

*Exception for government, broadcasters, schools and libraries*

*Certain entities are explicitly exempted from contributing directly to the universal service support mechanisms and need not file this worksheet. Government entities that purchase telecommunications services in bulk on behalf of themselves, e.g., state networks for schools and libraries, are not required to file or contribute directly to universal service. Public safety and local governmental entities licensed under Subpart B of Part 90 of the Commission's rules are not required to file or contribute directly to universal service. Similarly, if an entity provides interstate telecommunications exclusively to public safety or government entities and does not offer services to others, that entity is not required to file or contribute directly to universal service. In addition, broadcasters, non-profit schools, non-profit libraries, non-profit colleges, non-profit universities, and non-profit health care providers are not required to file the worksheet or contribute directly to universal service.*

*Exception for systems integrators and self providers*

*Systems integrators that derive less than five percent of their systems integration revenues from the resale of telecommunications are not required to file or contribute directly to universal service. Systems integrators are providers of integrated packages of services and products that may include the provision of computer capabilities, interstate telecommunications services, remote data processing services, back-office data processing, management of customer relationships with underlying carriers and vendors, provision of telecommunications and computer equipment, equipment maintenance, help desk functions, and other services and products). Entities that provide services only to themselves or to commonly owned affiliates need not file.*

Unless the above mentioned companies qualify for one of these exemptions, they will have a direct contribution obligation to USAC. Underlying carriers can not assume that responsibility on these companies behalf.

Please submit completed April 1, 2001 FCC form 499-A filings to the following address as soon as possible:

ADDENDUM TO 2001 FCC FORM 499-A  
TELECOMMUNICATIONS REPORTING WORKSHEET

FOR

COLEMAN ENTERPRISES, INC. d/b/a LOCAL LONG DISTANCE

The following is submitted in further explanation of the information contained in the 2001 FCC Form 499-A for Coleman Enterprises, Inc. d/b/a Local Long Distance ("Coleman").

Pursuant to contractual agreements and course of dealing between QAI, Inc. of 7700 Irvine Center Drive, Suite 605, Irvine, CA 92618 ("QAI") and applicable law and regulations, QAI was obligated to prepare Form 499 reporting worksheets for Coleman, to timely file such reports and to pay all resulting USF and other resulting charges. This obligation is reflected among other things in the attached correspondence of August 21, 2000 from QAI to Coleman, in which QAI reaffirmed its obligation to prepare and file reports of Form 499 information and to pay resulting USF and related charges.

1 company because it's found on the top of a lot of the  
2 faxes that are generated out of his facility.  
3 Q. This document appears to have been faxed to QAI  
4 in October of 1999?  
5 A. Yes.  
6 Q. Do you recall reviewing this document in or  
7 about late October, 1999?  
8 A. Yes.  
9 Q. And who is Attorney MacBride?  
10 A. MacBride was the outside counsel that I used for  
11 QAI and for Cheetah in the state of California for  
12 regulatory purposes.  
13 Q. And Mr. MacBride was the attorney that you had  
14 hired to deal with the California PUC with respect to  
15 the Coleman Enterprises matter?  
16 A. No, I did not explicitly hire him to handle the  
17 formal proceeding that was filed. I did have him  
18 provide some consultation to me prior to the December  
19 2nd order instituting an investigation by the California  
20 PUC. And I did have him representing our interests in  
21 some discussions with Dan Coleman's counsel, prior to  
22 the filing of the order instituting an investigation,  
23 with regard to the thought of him selling his companies  
24 or his customer bases to us under the, under some terms  
25 of -- potentially under the option that we had to buy

953

1 the base or otherwise.  
2 Q. Do you recall having discussions with Grant  
3 Lebens regarding his discussions with Mr. Coleman's  
4 attorneys involving the California PUC investigation?  
5 A. I had discussions with Grant occasionally about  
6 that topic, yes.  
7 Q. And what do you recall of those discussions with  
8 Mr. Lebens about the status and process of the  
9 California PUC investigation?  
10 A. What Grant Lebens was primarily responsible to  
11 me for with regard to this action on the part of the PUC  
12 is that I had him following up with Dan Coleman's  
13 outside counsel to make sure we were getting all of the  
14 copies of all of the documents that they had agreed to  
15 provide to us, and he was also responsible in my behalf  
16 to provide the information that we had agreed to provide  
17 to their counsel.  
18 So primarily this kind of information was  
19 coming from Grant to me, or to our offices in California  
20 from Grant.  
21 Q. Just so I understand how the 7.9 cent per minute  
22 plan worked, was that the charge then for both inter and  
23 intrastate calls for long distance?  
24 A. That rate was applicable to a product that was  
25 being sold that was a -- it was QAI's product, the long

954

1 distance billing product. And it was the intrastate  
2 rate. And to the extent that we could match that rate  
3 on an intrastate basis in certain states, my direction  
4 was that we would. But in some cases our cost was  
5 higher than that so we would have to charge more in  
6 certain states on an intrastate call than that rate.  
7 (Wiegand Deposition Exhibit No. 149  
8 marked for identification.)  
9 BY MR. STEFFENSON:  
10 Q. Showing you what's been marked as Exhibit 149.  
11 Did you have any discussions with Mr. White at or about  
12 November, was it 1998, regarding the issue set forth in  
13 this letter?  
14 A. Regarding the rate applied on the USF, yes, I  
15 did.  
16 Q. Did you recall having discussions with Mr. White  
17 regarding the last sentence of Ms. Mitchell's letter  
18 that says that, "As we discussed this increase could  
19 result in a substantial increase in end user complaints  
20 and adjustments?  
21 A. I don't recall.  
22 Q. Do you recall in or about this time having  
23 discussions with Mr. White about the need for either QAI  
24 or Cheetah to increase the Universal Service Fund  
25 charges?

955

1 A. My recollection is that they used the Universal  
2 Service Fund rate and at that time we had to along with  
3 the rest of the marketplace response with some increase  
4 of our own to cover it.  
5 We would always, I would always expect it  
6 would have some impact on the customer base, the number  
7 of complaints and adjustments, I'm not sure that this  
8 one change though could be in my opinion characterized  
9 as having a potential for substantial change.  
10 Q. Can you explain to me why there was a need to  
11 increase it from 6 percent to 8.4 percent?  
12 A. Yeah, I believe that's what I was trying to  
13 explain just now is that there was, at some point during  
14 or prior to this period there was an increase in the  
15 rate that was charged by the FCC, and so we along with  
16 the rest of the marketplace made an adjustment to cover  
17 for that.  
18 Q. So why were you increasing it to 8.4 percent the  
19 net of all fees, costs and multipliers?  
20 A. When you generate, when you submit billings  
21 through USBI they have billing fees and other billing  
22 costs and some multiplier that I'm not all that familiar  
23 with that they must have applied to this. And so what  
24 my recollection is, and I don't remember this letter  
25 specifically, but my instructions were that we would,

956

1 that if we were going to use 8.4 percent as what we  
2 thought we had to charge, that that would be the amount  
3 that we would realize after all of these other costs  
4 that we didn't have any control over were covered.  
5 Q. Well, if you're receiving 8.4 percent after all  
6 the other costs are covered, then you're obtaining an  
7 8.4 percent profit; is that correct?  
8 A. No. That's not correct. That would just be the  
9 percent that we would collect before other forms of  
10 costs and dilution as well as the money that we had to  
11 turn around and pay.  
12 Q. And when you say other money that you had to  
13 turn around and pay, did you have to pay on behalf of  
14 the resellers the USF fees?  
15 A. We paid millions of dollars in USF fees out of  
16 these receipts, yes.  
17 Q. And you paid those on behalf of all the  
18 resellers? Up to a certain point in time?  
19 MR. BENICE: I'll object to that "on  
20 behalf." The contract between the parties speaks for  
21 itself and specifically excludes USF charges. So the  
22 resellers were telecommunications brokers. I would  
23 object to the form of the question as resellers,  
24 contract says they're independent marketers. The USF  
25 obligation was QAI's.

957

1 BY MR. STEFFENSON:  
2 Q. Is it your understanding that the USF obligation  
3 was QAI's?  
4 A. In our situation that QAI took on that  
5 responsibility and it was.  
6 Q. And did QAI pay those amounts that were owed  
7 with respect to the charges for American Cyber  
8 Corporation?  
9 A. We paid the federal USF on behalf of American  
10 Cyber through a certain point, I believe, up until the  
11 bankruptcy final file.  
12 Q. Is there any reason you can think of as to why  
13 those amounts for American Cyber would not have been  
14 paid through QAI, that is the USF fees?  
15 A. They were paid, they were paid. I mean I recall  
16 even after the bankruptcy filing, even after we realized  
17 we had lost, not just the Dan Coleman base but all of  
18 the customer base for the most part, we still had  
19 hundreds of thousands of dollars that we wired to the  
20 FCC for USF payments for over half a million dollars  
21 after, in the spring of 2001.  
22 Q. Do you remember approximately how much the USF  
23 fees were on a monthly basis for American Cyber  
24 Corporation?  
25 A. Not specifically. I recall that we were upwards

958

1 of about 250,000 a month that we were paying for all of  
2 the USF obligations.  
3 Q. And that would be whether it was for QAI's brand  
4 or for any other brands that were being sold through  
5 QAI?  
6 A. For the brands that we took on that  
7 responsibility. The way the FCC has this deployed, the  
8 burden can be on the supplier like QAI or on the carrier  
9 like American Cyber, you can do it either way. The  
10 liability if it's not paid at American Cyber's level can  
11 easily be determined to be the responsibility of QAI  
12 despite any arrangement you might have with the downline  
13 carrier. And so we decided to take on that  
14 responsibility, and it was also consistent with the  
15 contract to do that.  
16 I might add that in order for us to avoid  
17 having Sprint take over the responsibility from us we  
18 had to sign an annual agreement with Sprint that  
19 indicated to them that we were, that QAI was responsible  
20 and was in compliance with all the USF obligations,  
21 otherwise they would have taken on the responsibility.  
22 (Wiegand Deposition Exhibit No. 150  
23 marked for identification.)  
24 BY MR. STEFFENSON:  
25 Q. Showing you what's been marked as Exhibit 150,

959

1 does this letter from QAI to Coleman Enterprises  
2 accurately reflect that QAI was going to continue to pay  
3 the USF bills on behalf of Coleman Enterprises?  
4 A. Yes.  
5 Q. And that was true also for as you just said  
6 American Cyber Corporation as well up until the  
7 bankruptcy?  
8 A. Right. Yeah, not really, it was past the  
9 bankruptcy, it was up until the customer base was turned  
10 over. That would have been November.  
11 Q. Up until November of 2000 when the customer base  
12 was turned over pursuant to the bankruptcy court order?  
13 A. Right.  
14 Q. Can you explain to me, Mr. Wiegand, why it is  
15 you entered into a consulting agreement and an  
16 employment agreement with Cheetah Communications on or  
17 about May 1st, 1999?  
18 A. I don't recall entering into both an employment  
19 and consulting agreement.

**Declaration of Daniel G. Coleman**

## **DECLARATION OF DANIEL G. COLEMAN**

I, Daniel G. Coleman, declare as follows:

1. I am the President and Chief Executive Officer of Coleman Enterprises, Inc. (AColeman”).
2. I make this Declaration in connection with the Petition for Review filed before the Federal Communications Commission by Coleman, requesting review of the Decision of the Universal Service Administrator.
3. On behalf of Coleman, I signed the Independent Marketing Agreement attached to the Petition as Exhibit C with QAI, Inc. of Irvine, California (“QAI”). QAI directly or through affiliates and by means of contractual arrangements with billing companies billed for and collected all revenues resulting from Coleman’s telecommunications operations. QAI as the wholesale carrier paid its underlying carrier (Sprint) and was contractually obligated to remit to Coleman a margin after payment of this and other customer account related charges. In practice, however, Coleman received virtually no “commission” or margin as QAI consistently reported that the charges associated with Coleman’s telecommunication services left no “commission” or margin to be paid to Coleman.
4. Specifically, by contract, by correspondence and by course of dealing, QAI agreed to and did bill Coleman’s customers Universal Service Fund charges; QAI collected and reserved all payments for same and QAI directly received the invoices for and paid Universal Service Administrative company charges. The forgoing all remained true in calendar year 2000 with the following exception. In Coleman’s June, 2003 billing from USAC, a charge of \$84,819.98 from year 2000 has been added. I believe this charge represents charges which should have been paid by QAI in 2000 but evidently was not paid.
5. For reasons not directly known to me, QAI became involved in a dispute with underlying carrier Sprint late in calendar year 2000 which dispute, I am informed and believe, resulted in Sprint terminating the provision of telecommunication services to Coleman’s end user customers. As a consequence of this termination of service by Sprint, Coleman lost approximately 50% of its customers before it was able to make new arrangements with an underlying carrier for the provision of telecommunication services to its customers.
6. The reporting of calendar year 2000 revenues by QAI and paying the resulting invoices was or would have been consistent with the contractual agreement between the parties, the course of dealing between the parties and the fact that prior to termination of service by Sprint, QAI had billed customers for and collected all Universal Service Fund charges attributable to Coleman operations. Coleman at no time agreed to assume such obligations for calendar year 2000 operations.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on July 15<sup>th</sup>, 2003.

Daniel G. Coleman
